

## **OPERATION RUDOLPH**

### **INFORMATION**

2020 has been the worst thing that we could ever potentially see in our lifetime. Operation Rudolph has been created across Devon to support everyone who could be affected by the current crisis our world is in. Christmas time already comes with challenges, but the additional pressures we face as families, friends and neighbours are rising. We have already seen an increase in, to name a few, redundancies, families living hand to mouth, projects being cancelled, and revenues being cut short. Through Covid we have seen a sharp rise in universal credit applications and sharp fall in employment figures. We look to be charging into yet another Lock down.

Support networks that create a welcoming Christmas day community approach with kitchens feeding those isolated, linking people together around a table. Creating something special so no one feels alone, may not be able to do that under current government advice.

Operation Rudolph is set up to help relieve some of that strain!

No one wants to see people suffer on what is supposed to be a magical day. Christmas is a time for families to share laughter, love and the classic family boardgame argument. A time to deliver a feast for the few, that could feed a nation.

Rudolph has a message for you "please don't suffer in silence, we all have been affected by the current circumstances the world is in. We're here to help you, help the people around us we care about."

If you need us fill in the details on the back and hand it back to representative or email to [operationrudolphhonoriton@gmail.com](mailto:operationrudolphhonoriton@gmail.com)

*Anyones personal details that has signed up to operation Rudolph will be treated under the correct GDPR legislation. Only organisations presenting and Rudolph will hold these details.*
